Sat, 28 Jun 2014 15:59:00 GMT The news Paul Greenberg brings us in "American Catch: The Fight for Our Local Seafood" is not much better. The author of "Four Fish: The Future of the Last Wild Food," Greenberg, a longtime commentator on aquaculture and the oceans, again blends reportage, history, and advocacy, organizing one chapter each around three species — the Eastern oyster, Louisiana brown shrimp, and sockeye salmon.

Fri, 14 Sep 2018 10:30:00 GMT A: That's kind of the story of the book. What we did is consciously and unconsciously dismantle our seafood infrastructure. We did it by destroying our oyster industry on the east coast, outsourcing our shrimp industry to Asia on the Gulf coast, and designing an export dedicated seafood system for our salmon on the Pacific coast.

Wed, 06 Aug 2014 23:56:00 GMT And while Americans are busily eating imported fish and shrimp, the US commercial fishing

industry exports about one-third of the nation's seafood catch to countries overseas. "The whole system is a little out of whack," Greenberg says.
