### Jurist - Wikipedia

Thu, 11 Oct 2018 07:14:00 GMT A jurist (from medieval Latin) is someone who researches and studies jurisprudence (theory of law). Such a person can work as an academic, legal writer or law lecturer. In the United Kingdom, Australia, New Zealand, South Africa, and in many other Commonwealth countries, the word jurist sometimes refers to a barrister, whereas in the United States of America and Canada it often refers to a judge.

### Dendrite - Wikipedia

Wed, 10 Oct 2018 03:33:00 GMT During the development of dendrites, several factors can influence differentiation. These include modulation of sensory input, environmental pollutants, body temperature, and drug use. For example, rats raised in dark environments were found to have a reduced number of spines in pyramidal cells located in the primary visual cortex and a marked change in distribution of dendrite branching in ...
